

DETAILS OF CURRICULUM

The academic session at St. Xavier's Cathedral School Amravati begins in April and ends in March. It comprises of two terms: April to October and November to March. The course of school studies extends from Class I to Class IX. It is designed to prepare students through the medium of English for the Secondary School Examination conducted by the Central Board of Secondary Education Examination, New Delhi by following the NCERT curriculum.

The candidates for the examination are required to have completed satisfactorily courses in a third language (Marathi), Art and Craft, Computer Education, Physical Education, General Knowledge and Value Education. These are assessed internally by the school and their results will count towards the award of the C.B.S.E. Examination Certificate. The candidates are declared successful if they reach a prescribed minimum aggregate of marks in the compulsory subjects and at least attain the pass standard in five subjects English, Sanskrit/Marathi, Mathematics, General Science and Social Science.

The Hindi subject is taught from Class I. The regional language of the State 'Marathi' is compulsory from Class I to Class VIII. Health and Physical Education, Art Education, Work Experience, Outdoor Games and Activities are compulsory for all. The school has different clubs such as reading club, nature club and cultural club. An active participation in any one of the above activities is expected *from all*.
